GOOD WITH COMPUTERS?

Use Your Skills to Coach Others at the Library

Santa Barbara, CA. 4/15/2011 – Here's a chance to put your computer skills to use! The Santa Barbara Public Library System seeks helpful, patient volunteers to serve as Computer Coaches, answering specific user questions and helping library patrons master computer skills. Coaches serve weekly 4-hour shifts, and library users make half-hour or hour-long appointments for assistance.

The Library needs both English-speaking and bilingual (English-Spanish) tutors. For more information about volunteering, call 805-564-5623, email BField@SantaBarbaraCA.gov, or visit the Library's website at www.sbplibrary.org
